

# Laser Transmitter Service

## Repair/Refurbishment/Testing

***KIGRE, INC.***

Kigre has been a sole source supplier for a variety of laser transmitter and laser head components used in cloud height measurement, eye surgery, surveying and range-finding. Customers include Coherent (7900 series), LaserTech (PV-135), Cielco (Cooper Laser), Kazuko, Hughes Aircraft, OEC, Litton, Northrop/Grumman, Simrad, Eltro, Selenia, Israel MOD, El-Op, Eloptro, NEC, Raytheon, Mitsubishi Electric, Mitsubishi Heavy Industries, The Governments of India, Thailand, and Ecuador, Avimo, Thales, Ericsson Radio, Iskra, Bofors, and others.

It has come to our attention that many laser transmitters in foreign countries are inoperable due to their original manufacturers demise, refusal to service, or exorbitant costs to repair. This is especially true of Nd:Glass, Nd:YAG, and Er:Glass laser transmitters. Kigre has the capability to cost effectively repair these units.
